# ERP Implementation Report

1. Implementation of ERP at Techno India NJR Institute of Technology was started from 11 July 2012 by initiating the process of Data Collection from the college. Refer below screenshot for that.

2. Formats for basic data were received on 14th July 2012 from Serosoft. Data was sent in the required format to Serosoft on 21 July 2012. [Refer attachment F-1 for details].
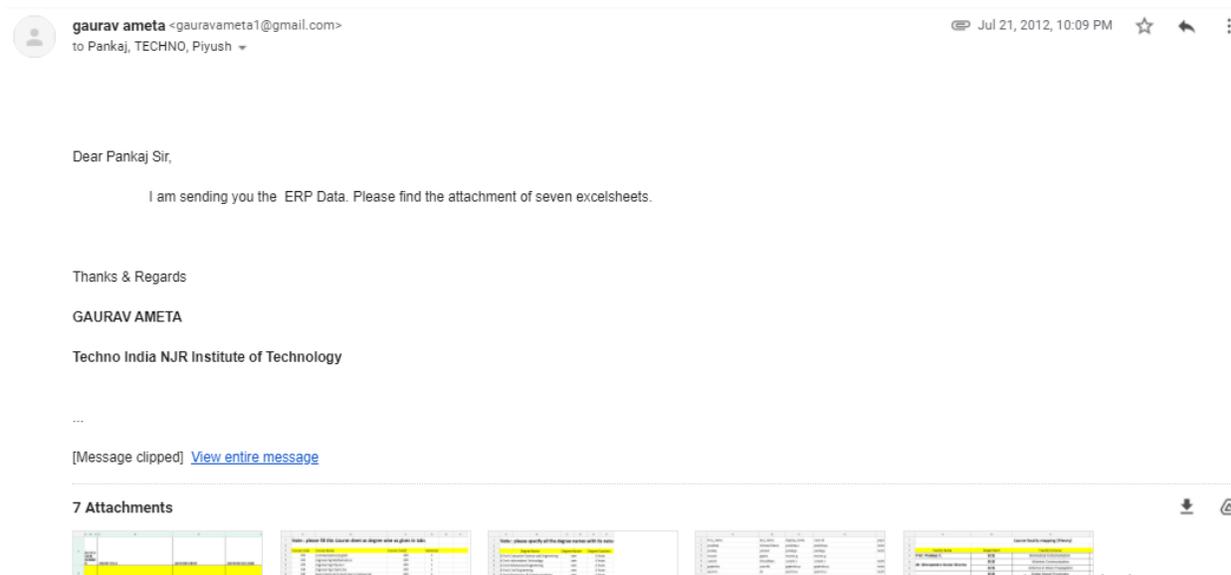

3. On 26 July 2012 a kick off meeting was scheduled with Mr. Pankaj from Serosoft at Techno NJR Campus. Mr. Pankaj elaborated about the product to all staff for usage. A status completion report was submitted to management after that and for each module coordinators were decided for smooth implementation. [Refer attached report F-2 for details]. A document was shared by Mr. Pankaj for Kickoff meeting attached as F-3.

4. 30 July updated report was sent to management and formats were shared to Serosoft for marksheet management. [Attached as F-4]

5. On 3 & 4 August on site visit was planned of Mr. Amit Runija (Support Engineer) from serosoft and Meeting was scheduled with all coordinators.

Tue, Jul 31, 2012, 12:28 PM

Dear Gaurav,

As discussed our support engineer Mr Amit will reach Techno NJR on 3rd August 2012.

He will provide detailed training of ERP on 3rd & 4th August 2012. Please ensure the availability of all respective module coordinators.

–
Warm Regards

Dear Pankaj Sir

As per our discussion I am sending you mail id and contact no. of Mr. Sandeep Upadhyay for installation of E.R.P. at local server.

Contact No. 8696932745
mail id:sandeepupadhyay30@gmail.com

Thanks and Regards

Gaurav Ameta

10. Software was installed on Local Server.

11. For marksheet reports formats were shared by Serosoft and suggestions given on that from Techno side. [Refer F8 and F9]

gaurav ameta <gauravameta1@gmail.com>   Sep 28, 2012, 2:44 PM
to Pankaj, TECHNO, Piyush, Arpit, Siddharth, Sudhendu, Avinash ⌄

Dear Pankaj Sir

You mailed me two sample formats of mark sheet yesterday and asked me to confirm them if they are correct.

In **Format A:** Clarification is required from your side.

   Format B: It is good in display and according to our needs, but two minor changes are required in proposed format B.

1. Theory Subjects should come first. After theory subjects practical subjects should come.
2. Second requirement is that marks filled in this format are appearing with decimal part like (16.0,14.0), we need numbers only in integers in display like (16,14).

Thanks and Regards

Gaurav Ameta

12. Marksheet related formats were corrected as per suggestions and demo was given. Three formats are found OK by discussion with Vyas Sir **[F12]** but still one report is coming in many pages so asked them to redesign this one format as small as possible in PDF. [**Refer F10 & F11**]

SEROSOFT

13. After that a ticket based support system was started by Serosoft for resolving queries/issues from Techno side. For every issue uploaded on that portal an email was auto generated. It was sent to ERP Implementation coordinator email ID first, and after that all progress related updates of that ticket were updated through support system as well as by email.

Weekly Client Report for Techno NJR till 14-04-2013

Techno NJR				
ID	Title / Description	Start Date / Close Date	Solution	Status
2919	**Deletion of Mark Sheet Entries** Please delete the mark sheet entries we did on previous occasions.	2013-03-18 06:07:25 0000-00-00 00:00:00	We have started working 03/04 we have remove the data from the system, which was entered for demo purpose. Please continue inserting new records.	IN PROGRESS
2917	**Entries in marksheet module.** As discussed on tele-talk.I want to ask you regarding entries of present semester's mark's entries.As it is showing mark sheet	2013-03-18 01:14:37 0000-00-00 00:00:00	Hello Mr. Gaurav, The message appearing on your screen is due to "Sem VIII" student have marking scheme defined and the mark been entered for those student already in the system. As guided we need to remove the data existing from the system, which was entered for demo purpose by you.	IN PROGRESS

14. A new version was upgraded and data was migrated from old version to new version. A mail regarding the same was received from serosoft as below.

Deep Vyas <deep.vyas@serosoft.in>

Hello Mr. Gaurav,

We have planned the steps to be taken for implementating the updated Version of Academia 2.0. The data which could be fetched from the previous version from various tables have been scrutnized. As you too might be aware that database migration is tedious job and requires additional relavent data to build the system. Please go through the below mentioned steps and required data for same required from your end.

Steps:

- Details of College - Available

- Academic Departments of College – Available, Please provide other than which are mentioned on the portal http://technonjr.org/department.php

- Intake (Registration year) - 2012 & 2013 will be considered

- Programs offered by College – Available

- Courses offered in Programs – Available

- Sessions information - Ellaborate if multiple session are managed

- Subject-Session, Subject-Program Mapping - Performed once prior mapping is done

- Subject Pre-requisites and Co-requisites - If Applicable
