Shri. R G Rajan  
CMD, RCF Ltd. &  
President, IIIE

# About IIIE

Cdr. B M Bhandarkar (Retd.)  
National Chairman, IIIE

The Indian Institution of Industrial Engineering (IIIE), the national level professional body of 58 years' standing, is dedicated to the advancement of Industrial and Scientific knowledge and application of such knowledge and practices for systemic improvements, both at the macro and micro levels, in industry, business, government, academia and society at large. IIIE conducts two mega events- namely CEOs Conference and National Convention.

The CEOs Conference brings together leaders of various industries, across India, for deliberating on various issues of national concern for evolving strategies for national development. The National Convention held annually in different parts of the country focuses on current themes of relevance and urgency, in the national context, addressing inter alia, issues of relevance to the IE profession. It acts as a forum for exchange of technological ideas and managerial practices.

## POMS

Production and Operations Management Society (POMS) is an international professional organization representing the interests of POM professionals from around the world. The purposes of the Society are:

- to extend and integrate knowledge that contributes to the improved understanding and practice of production and operations management (POM);

The Institution is privileged to have many of the eminent personalities from Industry, Academia and Government as its members. It interacts closely with industry, academia and professionals. The Institution also promotes organisational and professional excellence by recognizing achievements and contributions of the organisations and individuals by conferring Honours and Awards.

Apart from the above activities, the Graduateship Examination conducted by the Institution twice a year, is recognized by the Government of India on par with the Bachelor's Degree in Industrial Engineering.

The National Council is headed by Shri R G Rajan, Chairman and Managing Director, Rashtriya Chemicals and Fertilizers Limited as its President and Commander Bhaskar Muralidhar Bhandarkar (Retd) as Chairman.

Visit us at : [www.iiie-india.com](http://www.iiie-india.com)

- to disseminate information on POM to managers, scientists, educators, students, public and private organizations, national and local governments, and the general public; and
- to promote the improvement of POM and its teaching in public and private manufacturing and service organizations throughout the world.

# Theme for 19th CEOs Conference

Pursuit of Global Excellence in the areas of Manufacturing, Operations and Services for making use of opportunities arising under

## “Make in India”

Prime Minister of India, Shri Narendra Modi has envisioned a dream to make India the world's manufacturing hub. For this he has initiated the “Make in India” campaign. The aspiration is laudable but not easy to achieve. For making this vision reality, both government and industry need to take bold and sustained measures. There has to be a structured approach for achieving this dream.

On one side, it is expected that government should make ease in doing business a reality, create right infrastructure and drive labour reforms. On the other side, industry should bet on technology and innovation to revive their manufacturing and should strive for achieving global leadership in manufacturing. At the same time, institutes and educational bodies need to make sure that they supply skilled human resource to industry which is efficient and effective.

One thing is sure that the stage is set for India to play a major role in world manufacturing. This conference

aims at playing its part in laying out key imperatives and a roadmap for turning this vision into reality.

We invite CEOs, bureaucrats, technocrats and thinkers who can share their knowledge and experience towards this mission. We expect the deliberations, discussions and churning of ideas on following themes :

- Creating and sustaining global competitiveness
- Creating positive mindset for 'Made in India' products
- Ease of doing business
- Regulatory reforms
- Technology and Innovation
- Role of University, Educational Institutes & Research Institutes in pursuit of “Make in India”
- Achieving cost leadership
- Business transformation

## DUBAI

Dubai is located on the Eastern coast of the Arabian Peninsula, in the south west corner of the Arabian Gulf. It is extremely well known for its warm hospitality and rich cultural heritage. The Emirati people are welcoming and generous in their approach to visitors. With year-round sunshine, intriguing deserts, beautiful beaches, luxurious hotels and shopping malls,

fascinating heritage attractions and a thriving business community, Dubai receives millions of leisure and business visitors each year from around the world.

The local currency is Dirham. Dubai is tolerant and cosmopolitan and all visitors are welcome. However, Islam is a way of life in the city, and therefore tourists should adopt a certain level of cultural and religious sensitivity for the duration of their stay.

# ASSOCIATING ORGANISATIONS

# Venue

**Holiday Inn**  
Al Hamriya, Khaleed Bin Waleed, 20th Street Bur Dubai  
Dubai, United Arab Emirates
