NAVDEEP JITENDRA RANAWAT CHARITABLE FOUNDATION, UDAIPUR ACCOUNTING POLICY & NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st March, 2021

 Navdeep Jitendra Ranawat Charitable Foundation has established and has been successfully running and managing an AICTE approved and RTU accredited Engineering College for technical education at RIICO Institutional Area, Udaipur since Financial Year 2008-09.

The Foundation for its Engineering College activity has been Crisil rated in past, category "SE3B" which signifies above average Moderate Credit worthiness. However no rating was obtained during 2020-21.

- 3. The Foundation has in order to venture in other technical streams besides engineering has set up a separate educational society in the name of "Techno NJR College of Professional Studies" and has decided to promote and assist the said newly set up society in achieving its objectives including with the financial assistance any required from time to time for the activities of such society. During the current year, a financial assistance of Rs.15,50,000/- was given as an Advance.
- 4. Construction of the 1st Phase of the engineering college building in Financial Year 2008-09 with allied infrastructure was partially funded by a Collaborator group under an understanding entered between the Trustees of the Foundation and Promoters of such collaborator group. However, later before the completion of required building etc., such associates discontinued fulfilling their initial commitments w.r.t. funding of the capital expenditure, and the counter proposals amongst the participating groups did not fructify. In absence of any written understanding with respect to reciprocal compensation for such funding, neither interest on such funding nor any other charges accounted for in the year when such deadlock gets resolved amongst the participating groups and the compensation, if any, is paid.

During the Financial Year 2019-2020, an FDR with PNB, Kolkatta made by the Collaborator former Associate group for meeting the cost of the initial funding (In fy 2009-10) of engineering college was withdrawn and collected by them on suo moto basis without concurrence of the main associate, and effect of the same was given in the college books by debiting their funding account and crediting the FDR account.

Bank Balance in bank account No.583 with PNB Bank, Salt Lake, Sector-V, Kolkatta, branch was taken at Rs.55746/- based on statement upto 31.03.2020 and trustee representation, since statement or confirmation for subsequent period was not provided.

5. Secured Loans:

- a. Overdraft fr om Bank of Baroda is secured against Residential Plot of land with House constructed thereon of the Managing Trustee at Udaipur and against personal guarantee of the managing trustee and one of the other Co- trustee of the Foundation. This overdraft was repaid in 2019-20 and security as well as personal guarantees were released by the Bank.
- b. Vehicle loans from banks and others are secured by way of hypothecation of vehicle financed.

NAVDEEP JITENDRA RANAWAT CHARITABLE FOUNDATION, UDAIPUR ACCOUNTING POLICY & NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st March, 2021

- c. Overdraft from HDFC Bank is secured against Bank term deposits of personal nature in the name of the Managing Trustee.
- Unsecured Loans from Ms. Meera Ranawat, Managing Trustee since earlier years is interest free repayable on demand.
- 7. During the last few financial years there is huge fall in Revenues/incomes earned by the college due to drastic reduction in engineering admissions across the country. As a matter of fact, many engineering colleges have shut down in India, 5 of them in Udaipur itself. Rajasthan Technical University who conducts admissions in its affiliated colleges through REAP has been able to fill only 15000 seats against around 60,000 seats available in engineering colleges which is just 25% of the total. In the College run by the Foundation, there has been a 46 % drop in admissions on YOY basis. Same was also consequential to significant drop in the overall economic activities on account of corona pandemic and various global events as well. This economic and the market situation has affected admissions in our college also resulting in drop in the revenues as well.
- 8. As a result of Covid-19 situation in the country revenues were further impacted particularly bus and hostel fees took a hit during the financial year and were substantially down. In compliance with government regulations on covid and as per directives from local govt authorities college provided its support/facilities for covid relief for which an amount of Rs.3000000/- was received this amount is duly shown under the head 'other receipts' in income & expenditure account.
- In the opinion of the office bearers of the Trust and to the best of their knowledge and belief all the current assets, deposits and advances have a value at least equal to the amount at which they are stated in the Statement of Affairs.
- 10. Figures of current financial years are though readily not comparable with the previous year figures since the current years figures are based on accrual system of accounting as against the previous years system of cash system of accounting. The same subject to such constraints have still been regrouped and recasted to make them comparable to the extent possible.
