Gaurav,  
Please share with students who attended Raghav's session. All 3rd year and A section of 2nd year.

Vyas sir,

It was an absolute pleasure meeting you and talking to the students today. Also, it was quite exciting to look at the new oxygen compressor product we are developing.

The students who attended the session were very eager to receive the deck I had presented. As discussed, attaching it here so it can be circulated to them.

Look forward to the next session.

Thank you,  
Raghav Nyati
