About Aon

Aon plc is the leading global provider of risk management, insurance and reinsurance brokerage, and human resources solutions and outsourcing services.

Our key advantage is our broad view of two of the most important issues in our economy today: risk and people. With an employee base of 50,000 people working in more than 120 countries, we can anticipate how changes in one sector impact another.

Another advantage is our client focus: Every day our employees ask, "How can we help a client or how can we help a colleague help a client?" Because each of our client groups has unique needs, our professionals—coordinated by strategic account managers, or relationship managers—specialize by product, function and client industry. By truly listening to you and working with you as a partner, we can best develop solutions that work seamlessly with your business. Only in this manner can we help you uncover risks and discover new opportunities to make your business more successful, now and into the future.
