

Course Completion Certificate

This is to certify that
Aditya Maheshwari
has completed the introductory course titled
Web Development 101 - Getting started with JavaScript offered by Pupilfirst.

A handwritten signature in blue ink that reads "Avishek Jana".

Avishek Jana

Coach, Web Development
Pupilfirst

A handwritten signature in black ink that reads "Melson J Zacharias".

Melson J Zacharias

Coach, Web Development
Pupilfirst

A handwritten signature in black ink that reads "Vignesh Rajendran".

Vignesh Rajendran

Coach, Web Development
Pupilfirst

A handwritten signature in purple ink that reads "Dr. Reena Singh".

Dr. Reena Singh

Senior Course Manager
Pupilfirst

NEP 101

COURSE COMPLETION CERTIFICATE

This certifies that
Aditya Maheshwari
has successfully completed the course:

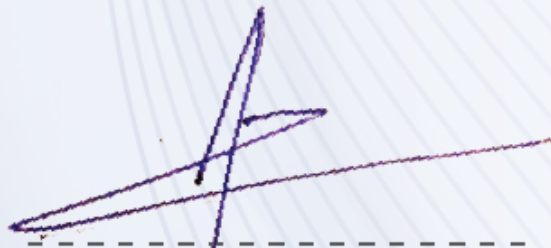

NEP 101: Understanding NEP 2020 Frameworks

The National Educational Policy (NEP) sets the vision to build the future of classroom education by using learner-centered pedagogy. To implement the policy well in their classrooms, faculty members are required to understand both the macro perspective of how the nation's societal and economic progress in the 21st century knowledge age is dependent on skilled labour force and the

micro perspective of how the teaching-learning processes, feedback, and assessments are done using modern technology tools.

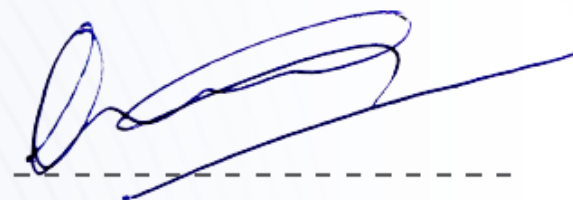

By completing NEP 101, the certified individual has gained an overview of the five key frameworks of 21st Century Graduate Attributes, Learner-Centered Pedagogy, Competency-based Curriculums, Personalized and Continuous Assessments' Framework along with the National Credit Framework and Academic Bank of Credits that drive the implementation of NEP 2020 in classrooms.

And with this knowledge, can transform, design and implement Learner Centered Classrooms and confidently contribute to the National transformation of India from a developing country to a developed nation.
