The Institute has been an early adopter of e Governance through Digital Management of all resources and students/faculty.

The institute uses following e governance resources for efficient running of the Institute . Some of these have been purchased by a third party whereas many have been developed in-house. The Institute has used digital solutions in following areas :

1. Student Academic Management portal: This portal called IBM portal was designed by the Institute's faculty and students for IBM who paid Rs. 1.59 Lakh for this to the Institute. The Institute is using the same IBM portal for its academic management. There are 50+ courses with 500+ students enrolled.

2. College ERP: From Serosoft up to 2017. From ONV marks during 2018-21. From 2021 onwards IFW is being used.

3. Bus Tracking & Management by Tracking Genie.

4. Cloud based attendance system: Institute uses GBS cloud based Fingerprint system for faculty/student attendance.

5. Solar energy generation by Solar-man.

6. Tally for Financial accounting since 2008.

7. Smart Meter portal for efficient use of electricity. Developed by the institute.

8. SOPHOS wire wall

9. Server based Online CCTV system for safety and discipline in classrooms and other areas

10. Whats-app group of faculty and students.

11. Admissions: REAP Admission portal

12. Examination: RTU exam portal

For Techno India NJR Institute of Technology
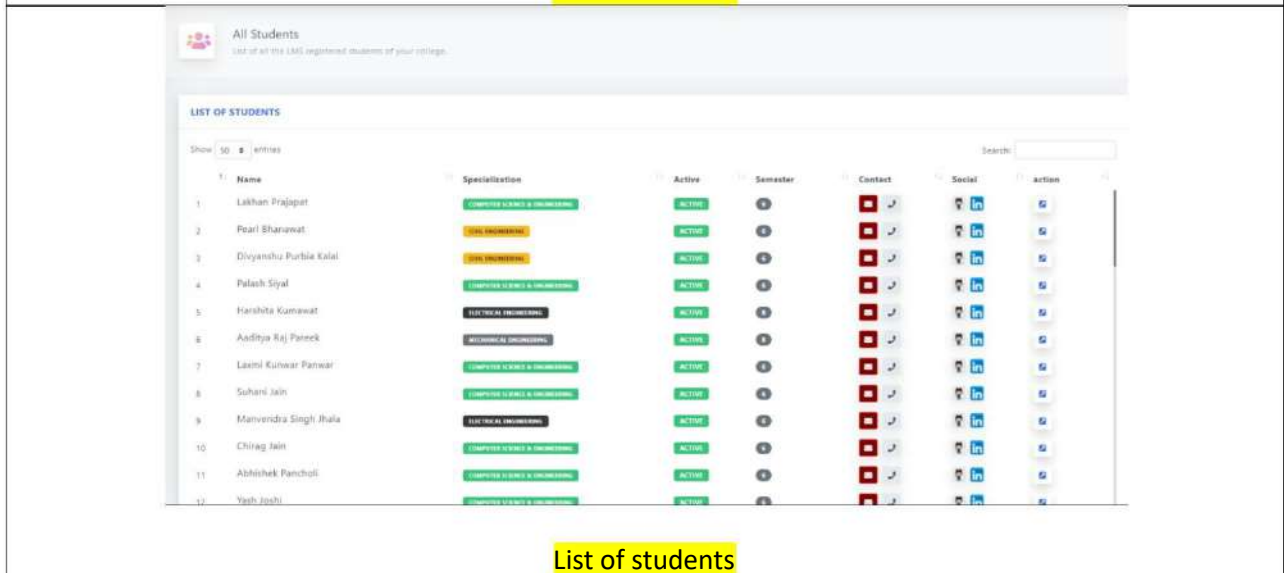

(R.S. Vyas)
Director

1. **Student Academic Management portal:**

   The Institute uses powerful IBM portal which was developed by the Institute for their academic courses and training by IBM. Faculty can create his own class/subject, enroll students, take their usage attendance, provide contents, curate outside contents, and give assignments and quizzes and many more things. All faculties have their courses on this portal. This portal is the backbone of content delivery and student management.

Employee Attendance Dashboard

Module Introduction

Employee Attendance Module is a dynamic Module to make complete records of attendance and leaves of Employees. Employee attendance can be taken on the basis of their in and out timings. Immediate action can be taken for any unauthorized leaves or any other indisciplinary action. Attendance can also be taken for Lecture based Employees. The attendance module is directly linked with the Payroll Module which means the employee attendances are directly reflected while generating their salary.

The Leave schemes can be defined for respective Employee groups. Accordingly, Employees can apply for leaves. Employee can view their complete attendance record in their respective Login.

Quick Links

Masters	Assign Proxy Rights

Module Video Tutorials

Timetable Dashboard

Module Introduction

The Timetable Module facilitates proper functioning of the classes as per the Timetable. Using this the general structure of the timetable can be defined. This structure is reflected while creating the timetable. The timetable is designed keeping in view the faculty load assigned and avoidance of clashes among classes. The Timetable can be viewed by the Students and faculty members in their logins.

The Timetable can be linked with Attendance module to ensure classes are conducted in sync with the pre defined schedule.

9. **CCTV system**: All activities of the college including of classrooms are monitored through 128 cameras installed at various places. Institute is using VMS software to give access to faculty to all the cameras. HOD, Principal and Director can continuously monitor proper conduct of classes. This system is also very useful during conduct of internal and external examinations.

Why Techno NJR is best college in Rajasthan?

- **Placement track record**: Our engineering college has an excellent placement track record, with a high percentage of students securing job offers even before graduation. Our alumni are employed in top-tier companies globally, a testament to the quality and reputation of our institution.

- **Industry Connections and Internship Opportunities**: Our engineering college has established strong ties with leading industries, offering students valuable networking opportunities and internships, bridging the gap between academia and industry.

- **Industry-focused curriculum**: Our engineering program is designed in collaboration with industry experts to ensure that you acquire the skills and knowledge that are in high demand in the job market.

- **Industry collaborations**: We have forged strong partnerships with industry leaders, ensuring that our students have access to a wide range of placement opportunities in prestigious organizations. These collaborations often result in exclusive job offers and tailored training programs.

- **State-of-the-art Laboratories**: Our engineering college boasts cutting-edge laboratories equipped with advanced equipment and technologies, providing students with hands-on experience and practical learning opportunities.

- **Research and Innovation Centers**: We offer specialized research and innovation centers where students can collaborate on groundbreaking projects, fostering creativity and critical thinking.

- **Modern Classrooms**: Our campus features spacious and well-equipped classrooms with comfortable seating arrangements, multimedia facilities, and interactive whiteboards, creating an ideal learning environment for students.

- **Extensive Library Resources**: Our library houses a vast collection of engineering-related books, journals, and digital resources, ensuring students have access to a wide range of academic material to support their studies and research.

- **Entrepreneurship and Incubation Support**: We provide dedicated support for budding entrepreneurs, offering incubation facilities and mentoring programs to help students turn their innovative ideas into successful ventures.

- **Sports and Recreational Facilities**: Our campus offers excellent sports and recreational facilities, including sports fields & gym promoting a healthy and well-rounded lifestyle among students.

- **Student Clubs and Organizations**: We have a vibrant student community with various clubs and organizations catering to diverse interests, allowing students to engage in extracurricular activities and develop leadership skills.
