

The institute has adopted several disable friendly measures in order to facilitate the concerned:

1. There exist several ramps for wheelchair facility, it is easily accessible and available at the reception area for the one in need.
2. The institute has dedicated handicapped toilet in ground floor and is located in such a place where wheelchair can be accessible.
3. There is a dedicated reception desk for proper guidance inside the campus in common area where one can be helpful for disabled people in order to explore the campus.
4. In the institute website there is a handicapped symbol. It is a disabled friendly platform whereby keyboard navigation, colour recognition, font optimization etc can be done.
5. Accessible bathrooms with proper space inside the bathroom, clean and higher toilets, low sinks are provided in the campus so one can easily wash their hands.
