Details of the Internship Program

Internship Program is designed to allow women who have recently completed their studies or will soon complete their studies to gain valuable work experience in their respective technical fields and explore a career path in urban development, including the urban water supply and sanitation sector. Women from Scheduled Castes and Scheduled Tribes are encouraged to apply.

The internship would be of about 6-week duration in line with the typical internship requirement of the engineering colleges. The exposure gained during the six-week internship would give them an edge in the job market, a professional network, an opportunity to apply and gain new skills, confidence while starting their job search or deciding on further degrees to be pursued.

The students shall be engaged as per expertise and educational stream. RUDSICO-EAP has identified few key areas of engaging the students. Each Intern would be allocated a mentor at the time of induction in line with their respective field. She has to work under the direct supervision of mentor.
