## **Volleyball Rules**

Here are the fundamental, must-know rules of a volleyball game:

Only 6 players on the floor at any given time: 3 in the front row and 3 in the back row.

Points are made on every serve for the winning team of the rally (rally-point scoring).

Players may not hit the ball twice in succession (a block is not considered a hit).

Ball may be played off the net during a volley and on a serve.

A ball hitting a boundary line is in.

A ball is out if it hits an antennae, the floor completely outside the court, any of the net or cables outside the antennae, the referee stand or pole, or the ceiling above a non-playable area.

It is legal to contact the ball with any part of a player's body.

It is illegal to catch, hold or throw the ball.

A player cannot block or attack a serve from on or inside the 10-foot line.

After the serve, front-line players may switch positions at the net.

Matches are made up of sets; the number depends on level of play.

## **Volleyball Rule Violations**

Committing any of these volleyball rule violations results in a point for the opponent.

Stepping on or across the service line when serving while making contact with the ball.

Failure to serve the ball over the net successfully.

Ball-handling errors and contacting the ball illegally (double touching, lifting, carrying, throwing, etc.)

Touching the net with any part of the body while the ball is in play.

Blocking a ball coming from the opponent's court and contacting the ball when reaching over the net if your opponent has not used 3 contacts AND has a player there to make a play on the ball.

Attacking a ball coming from the opponent's court and contacting the ball when reaching over the net when the ball has not yet broken the vertical plane of the net.

Crossing the court centerline with any part of your body, with the exception of a hand or foot. It is only considered a violation if the entire hand or entire foot crosses the court centerline.

# Techno Premier League 2k23 (Badminton)

## ####Official Rules of Badminton####

Each organization is allowed 1 singles and 1 doubles team. A student may compete in both.

### Rules

- A player must wait until his opponent is ready before serving. If the opponent attempts a return then he is ruled having been ready.
- The feet of both players must remain in a stationary position until the serve is made. Your feet can not be touching the line at this time.
- It is not a fault if you miss the shuttle while serving.
- The shuttle cannot be caught and slung with the racket.
- A player cannot hold his racket near the net to ward off a downward stroke by his opponent or to interfere with his racket.

### Faults

- The shuttle, at the instant of being hit is higher than the servers waist or the head of the racket is higher than the servers racket hand.
- The shuttle does not land in the correct service court.
- The server's feet are not in the service court or if the feet of the receiver are not in the court diagonally opposite the server.
- The server steps forward as he/she serves.
- Any player balking or feinting his opponent before serve or during serve.
- A serve or shot that lands outside the court boundaries, passes under or through the net, touches any other obstructions or a players body or clothing. The boundary and service lines are considered in play.
- The shuttle in play is struck before it crosses the net to the striker's side of the net. You may follow through over the net.
- A player touching the net or its supports with his body or racket while the shuttle is in play.
- Hitting the shuttle twice in succession by a player or team.

## Scoring System

- A match consists of the best of 3 games of 21 points.
- Every time there is a serve – there is a point scored.
- The side winning a rally adds a point to its score.
- At 20 all, the side which gains a 2 point lead first, wins that game.
- At 29 all, the side scoring the 30th point, wins that game.
- The side winning a game serves first in the next game.

## Interval and Change of Ends

- A 1 minute interval between each game is allowed.
- In the third game, players change ends when the leading score reaches 11 points.

## Singles

- At the beginning of the game (0-0) and when the server's score is even, the server serves from the right service court. When the server's score is odd, the server serves from the left service court.
- If the server wins a rally, the server scores a point and then serves again from the alternate service court.
- If the receiver wins a rally, the receiver scores a point and becomes the new server. They serve from the appropriate service court – left if their score is odd, and right if it is even.

## Doubles

- A side has only one 'set'.
- The service passes consecutively to the players as shown in the diagram.
- At the beginning of the game and when the score is even, the server serves from the right service court. When it is odd, the server serves from the left court.
- If the serving side wins a rally, the serving side scores a point and the same server serves again from the alternate service court.
- If the receiving side wins a rally, the receiving side scores a point. The receiving side becomes the new serving side.

- The players do not change their respective service courts until they win a point when their side is serving.

If players commit an error in the service court, the error is corrected when the mistake is discovered.

In a doubles match between A & B against C & D. A & B won the toss and decided to serve. A to serve to C. A shall be the initial server while C shall be the initial receiver.
