

NAAC WRITE-UP

1.3.1 Institution integrates cross cutting issues relevant to Gender, Environment and Sustainability, Human Values and Professional Ethics into the Curriculum

The Institute believes in sensitizing the students on the above topics as a part of curriculum.

As per RTU and also beyond the syllabus, students are being taught subjects viz. Environmental Studies, Soft Skills, Logical Reasoning and Quantitative Aptitude, Entrepreneurship Development, Human Values and Professional Ethics, Renewable Energy Sources, Pollution and Control, Intellectual Property Rights. In this perspective we are glad to mention that we have Center of Excellence in Disaster Management in collaboration with Asian Institute of Technology Bangkok.

Further we conduct Traditional Day celebrations, wherein eminent speakers will deliver lectures on the need of ethics in profession and personal lives. Charity activities are regular phenomena in our institute under the aegis of which students conduct various programmes. There are various committees which will conduct programmes on the said cross-cutting issues in the real world activity.

Anti- Ragging Committee: The students are being warned in order to restrain themselves from any ragging activity and Supreme Court Verdict has been informed to them after proper announcement in class. Flying squads are there to monitor. Even faculties staying in campus remain vigilant after office hours.

Internal Complaint Committee: The committee consists of Senior faculty members including, at least one, lady faculty.

In addition to these the institute conducts various general awareness programs - 1. Camps for donating blood (Blood is Life) 2. Swachh Bharat 3. NCC 4.NSS 5. Health Awareness Programmes 6. Law & Order awareness programmes 7.Traffic Rules awareness programmes 8. Visit to nearby villages to solve their problem

The institute helps the students by providing guiding principles for the development by recognising different life skills, think about and reflect on different values. Mentors inspire the students to practice universal ethics and moral values and also to demonstrate the life style without stress and emotion.
