

NAAC WRITE-UP

2.2.1. The institution assesses the learning levels of the students and organises special Programmes for advanced learners and slow learners

All the students are being taught in a non-conventional way such that any subject is blended with theoretical foundation and practical hands-on aspects. Advanced learners are being engaged in research work too and weak ones are being counseled and monitored meticulously. The students are involved in industry learning projects through certification and internships.

Activities for Advanced learners :

1. Encouragement to complete NPTEL/Advanced certificate courses
2. Additional Library facilities
3. Participation in incubation center
4. Induction in Clubs like Robotics, Drone etc.
5. Motivation and guidance for higher studies (competitive exams)
6. Industrial visits and Industry sponsored/research project
7. Patent filing process
8. Research Publications
9. In house mini-projects

Activities for Slow learners :

1. Remedial / Make-up classes/ Extra lectures
2. Personal Attention in teaching
3. Re-test for improvement
4. Extra practical sessions
5. Counseling – special hints and techniques
6. Special notes
7. Assignments and solving University question papers
8. Question bank
9. Guidance for Seminar/Project presentation
10. Mock oral/practical examination
11. Tutorials
