Dear Sir,

Can you please forward this mail to 3rd year and 4th year students to appear for All India Free Mock Test on 14th August at Techno India NJR campus (1 pm).

Regards,
Priyank Paliwal

We have planned a special All India Free Mock Test for you all on the 14th of August at Techno India NJR Institute of Technology at 1 pm. The 3 most important reasons for you to register and appear in this Mock test are:

1. Experience GATE Exam: Most of the students preparing for GATE give their 1st Mock test in the December end, or January and get very low marks. This breaks their confidence and they get demotivated. If we want to avoid all that, we need to give this exam as soon as possible so as to understand the examination pattern, options are given by GATE on our computer, how to use a GATE calculator, etc.s

2. Remove Exam Fear: Syllabus of this exam has been designed keeping in mind stress level and psychology of students. We have put only limited syllabus and it includes mostly those subjects which you have completed in 3rd and 4th Semester. This test will help in judging the GATE Exam level and will increase your confidence.

3. Start Planning: We want you to learn, what is the importance of planning for cracking any national level examination. After this exam, you will get to know your strengths and weaknesses, which will help you in understanding the importance of time and how to manage it to score more and more.

Moreover, guys, success is all about the challenges we take in our life. The more challenges we take, the more strong and determined we become. Let's

take this GATE challenge and find out where we stand across India. We have already got 10,000 plus registrations and we want you to become part of it.

To register [Click here](#).
